PAOLO CASTELLI

Il know how tecnico di Paolo Castelli trova la sua massima applicazione nell'ambito dei progetti Contract. Dalla fornitura di arredi ai progetti chiavi in mano, l'azienda italiana si distingue per fornire soluzioni altamente personalizzabili che caratterizzano ogni progetto rendendolo unico. Infatti, è possibile modificare gli arredi a catalogo grazie all'ampia gamma di finiture disponibili, oppure affidarsi all'azienda italiana per tradurre le esigenze progettuali estetiche e funzionali in un arredo nuovo. Affiancando il committente in ogni fase progettuale, Paolo Castelli è in grado di gestire appalti pubblici e privati, a livello nazionale così come internazionale, in diversi settori.

Paolo Castelli S.p.A è azienda italiana leader nel settore del design e del global contracting a livello nazionale e internazionale. Nata da un'intuizione di Paolo Castelli, l'azienda ha saputo coniugare tradizione e innovazione dando vita a collezioni indoor e outdoor "total look" sempre attuali in grado di raccontare la contemporaneità, anticipando le tendenze e rispondendo alle esigenze del mercato. Paolo Castelli S.p.A è in grado di soddisfare le esigenze dei progettisti e le richieste del cliente finale offrendo soluzioni custom made sviluppate intorno ai concetti di eccellenza e alta qualità: una visione dinamica che ha condotto l'azienda italiana a diventare il partner ideale per ambiziosi progetti contract in tutto il mondo.

L'azienda Paolo Castelli nasce dalla storica tradizione della famiglia bolognese Castelli, la cui attività imprenditoriale nel campo dell'arredo inizia alla fine dell'800. Da un'ebanisteria artigianale aperta nel 1887 nel cuore di Bologna, all'azienda Domodinamica, specializzata in arredi per l'ufficio e di design: la famiglia Castelli ha messo a servizio di rinomati designer la sapiente maestria artigiana maturata negli anni. Per Domodinamica hanno infatti disegnato Michele De Lucchi, Karim Rashid, Pier Luigi Cerri, Alessandro Mendini, Stefano Giovannoni, Luca Scacchetti, Denis Santachiara, Angelo Micheli, Massimo Iosa Ghini. Dall'evoluzione dell'azienda, nasce il marchio Paolo Castelli che si occupa di product design e grandi progetti da general contractor. Queste due anime dell'azienda sono strettamente interconnesse, e rendono oggi Paolo Castelli sinonimo di eccellenza Made in Italy, innovazione, ricerca ed eleganza.

Un racconto di innovazione e tradizione

A tale of innovation and tradition

From the supply of furniture to turnkey projects, the Italian company stands out for providing highly customizable solutions that characterize each project, making it unique. In fact, it is possible to modify the furnishings in the catalog thanks to the wide range of finishes available, or to rely on the Italian company to translate the aesthetic and functional design needs into new furniture. By supporting the customer in every planning phase, Paolo Castelli is able to manage public and private contracts, nationally as well as internationally, in various sectors.

Paolo Castelli S.p.A is a leading Italian company in the design and global contracting sector at a national and international level. Born from an intuition of Paolo Castelli, the company has been able to combine tradition and innovation by creating ever-present "total look" indoor and outdoor collections able to describe the contemporaneity, anticipating trends and responding to market requests. Paolo Castelli S.p.A is able to satisfy the needs of designers and the wishes of the end customer by offering custom made solutions developed around the concepts of excellence and high quality: a dynamic vision that has led the Italian company to become the ideal partner for ambitious projects contract all over the world.

The Paolo Castelli company was born from the historic tradition of the Castelli family from Bologna, whose entrepreneurial activity in the field of furniture began at the end of the 19th century. From an artisan cabinet-making shop opened in 1887 in the heart of Bologna, to the Domodinamica company, specialized in office and design furniture: the Castelli family has put the skilful craftsmanship gained over the years at the service of renowned designers. In fact, Michele De Lucchi, Karim Rashid, Pier Luigi Cerri, Alessandro Mendini, Stefano Giovannoni, Luca Scacchetti, Denis Santachiara, Angelo Micheli, Massimo Iosa Ghini designed for Domodinamica. From the evolution of the company, Paolo Castelli brand was born, which deals with product design and large projects as a general contractor. These two souls of the company are closely interconnected, and today make Paolo Castelli synonymous with Made in Italy excellence, innovation, research and elegance.
