Living the good life outside with family and friends, is the very core of our family brand. We feel privileged continuing the heritage of our father Lode and grandfather Henri, who laid the foundations of a shifting lifestyle towards a luxury outdoor living experience.

And year by year, our tribe grows stronger.

Following the launch of our Los Angeles flagship store, we are opening the doors of our flagship showroom in the design capital of the world, Milan. We are thrilled to invite you to join us on our journey and experience the good life outside, worldwide. Let's celebrate innovation, craftsmanship and timeless luxury design together. Live it, love it, share it.

FOUR SEASONS MEGÈVE
MEGÈVE, FRANCE

Bring together the Rothschild family heritage, a luxury hotelier and Tribù's classic Mood Club Chairs and what do you have? The Four Seasons Hotel Megève, destination of choice for the chic ski set since it opened in 2017.

A natural palette of stone, wood, lambswool and sheepskin unites the four interconnecting hotel chalets, the two-Michelin-starred restaurant and spa. Celebrated interior designer Pierre-Yves Rochon, known as 'the master of grande luxe', has made comfort the key to his gorgeously indulgent bedrooms, suites and public spaces.

Tribù's Mood Club Chairs are the perfect addition to the guest balconies, deep, cocooning seats from which to take in the spectacular snow-capped views of Mont d'Arbois. Their earth-brown woven seat backs in Tribù's exclusive Tricord material and warm teak frames are both weather resistant and highly durable. The Studio Segers design celebrates the appeal of natural textures and Tribù's technically advanced, soft-touch materials.

ST. REGIS MALDIVES VOMMULI RESORT
MALDIVES

Guests arriving at The St. Regis Maldives Vommuli Resort by private sea plane might be struck first by the lush green of the tropical island, then by what could be the silhouette of a giant lobster and a whale shark.

Singapore-based architects WOW | Warner Wong Design have blended natural forms and traditional materials in their striking design for this five star resort. WOW is known for its culturally sensitive designs based on in-depth research into local building materials, designs and customs.

The terraces of the Villas on land and overwater are immaculately furnished with a plush Mood Daybed and Armchairs in teak and warm brown are accented by a Branch Bistro Table in wengé colour.

M/Y DRAGON, COLUMBUS CLASSI 80MT

M/Y Dragon is an exceptional new yacht from Italian firm Columbus Yachts, a Palumbo Superyachts brand.

The exterior areas, which are all different in character, were furnished using only Tribù collections for the freestanding furniture, specified by the project's interior designer Francesco Guida. "The handwoven tricord of the back of the Mood armchairs, daybeds and club chairs is in perfect harmony with the natural atmosphere I had in mind. Ultimately the classic modernity of the interiors find the perfect continuity in the exterior areas creating the "timeless relaxing atmosphere" the owner requested." – Francesco Guida.

When Dragon is anchored, additional sun-trap decks open out at the bow, furnished with Mood daybeds, Vis à Vis loungers, poufs and Ile side tables.

Across the width of the teak bridge is the 200-metre-square 'beach club'. Here, Mood bar chairs are paired with Pure sofas, Mood low tables and poufs to create a flexible, relaxed club atmosphere.

TOSCA

MONICA ARMANI

P. 89, 90-91, 92

The Tosca outdoor sofa is simultaneously warm and inviting, stylish and intriguing. It was the first time TRIBU called upon a female designer to draw an outdoor furniture piece and that is evident in the design. Rounded forms, tapered legs and an elegant seating shell in powder-coated stainless steel, upholstered with extra-wide braiding. The material for the braiding is genuinely innovative: foam mousse is encased in a seamless sheath of knitted textile and polyolefine which makes the material weather-resistant, but also surprisingly soft to the touch. The seating comfort is especially pleasant, thanks to the comfortable outdoor cushions.

CTR

PIERGIORGIO CAZZANIGA

Italian designer Piergiorgio Cazzaniga does with the CTR collection what he is good at: making complex designs appear effortless. The frame of the sofa is made of profiles in powder-coated stainless steel that are bent in one continuous line. The corners are straight, yet the tubes keep a round form, which requires great mastery. The backrest is attached to the frame at only 2 points and appears to float unsuspected above the seat. The open weave refers to the ancient tradition of weaving and gives flexible support to the back. The seat is upholstered with a water-repellent cushion which can be easily removed.

The airy design of the Mood collection and its warm combination of teak and handwoven backs will immediately create an intimate atmosphere on your patio. The rounded design of the durable teak gives the sofa a warm and friendly tone. The weave in Tricord has a very soft touch, but can nevertheless defy all weather conditions. Tribù has developed a range of natural colours that fit in with any type of outdoor environment. The comfortable outdoor cushions can be left out in the rain, thanks to the ventilating, water-repellent filling. The back cushions are available in various styles to match every taste.

ELIO

YABU PUSHELBERG

Elio, referring to the Greek sun god Helios and designed by Canadian design firm Yabu Pushelberg, is inspired by the motion of light as it reflects and refracts on landscapes and objects. Multiple soft shades of yarn are woven into one strand, which mimics the hues of natural light and makes each chair unique. The handwoven seat in weather-resistant Tricord rope, draws inward to create a warm, intimate cocoon effect. The 2-seat sofa is framed by natural teak, which supports the seating shell primarily through the back legs that cross the shell.

The Suro Banquette truly enhances the combination of two materials: the elegant rigor of teak wood or powder coated aluminium and the flexibility of the braided rope weaving. Both materials elegantly blend into an exceptional design. The wood and aluminium both affirm the structure of the seat. The fiber backrest, as if hanging from the seat, forms an embracing cocoon-like flower petal which provides unique comfort thanks to its roundness.

Elio, referring to the Greek sun god Helios and designed by Canadian design firm Yabu Pushelberg, is inspired by the motion of light as it reflects and refracts on landscapes and objects. Multiple soft shades of yarn are woven into one strand, which mimics the hues of natural light and makes each chair unique. The handwoven seat in weather-resistant Tricord rope, draws inward to create a warm, intimate cocoon effect. The high back, deep seat and generous cushion make it perfect for daydreaming. The deep cushion of the Nomad lounge chair is stitched to cocoon the body, folding over the armrests and moulding into the broad curve of the backrest. Designer Monica Armani used what she calls 'noble teak wood' for its warmth, smoothness and strength. Slender legs and contoured armrests give the chair its elegant profile and the smartly stitched cushion is as luxurious as it is comfortable. P. 26-27, 34

Exploring the organic beauty and durability of teak, Yabu Pushelberg crafted a dining table that exudes the notion of togetherness. The broad, ceramic tiles seem to float on the discreet, yet sturdy teak frame, creating a remarkable lightness. The rounded edges of both the teak profiles and the outer ceramic tiles, convey a soft and harmonious look that stands out by its simplicity.
